

SportHill Sizes & Fit

The SportHill Fit

We know how difficult it can be to determine the fit of various styles, so we noted on each style how they are designed to fit compared to each other.

Natural waistline: The pant sits at the natural waist, just at or slightly above the belly button.

Comfort rise: The pant sits about 1-inch below the belly button.

Mid-rise: The pant sits about 1.5 to 2-inches below the natural waist.

Low rise: The pant sits about 2.5 to 3.5-inches below the natural waist.

F Fitted

SF Semi-Fitted

R Relaxed

Fitted, and we mean a close fit, most often found in our tights or close-fitting tops.

Semi-Fitted is our most popular fit. SF is form following, not snug, not baggy.

Relaxed fit is just that, our most roomy fit.

SportHill Gloves & Mitts

Measurement in inches around the fullest part of the hand, below the knuckles, not including the thumb.

Measure the circumference of the hand not including the thumb with a relaxed tape.
